

# The EDL language challenge

This year we are inviting everyone to participate in a language challenge around the European Day of Languages! The 51 challenges contained within the handbook encourage learners to go a little outside their comfort zone and take advantage of the plentiful opportunities available to practice or learn more about a language beyond a classroom context. You can choose easy challenges that don't involve much time – such as “count from 1-10 in 3 different languages within one minute” to ones that are a bit more demanding “together with a friend, write the words to a song/rap in a foreign language”. There should be something for everyone and you may discover that you actually know more than you think about languages!

If you cannot decide which challenge to start with, let chance decide for you by clicking on the wheel below. If you enjoy the challenges so much that you manage to complete 20 or more of them, you can reward yourself with a certificate using the link below and, if you are willing to show the world your language ability, why not take the 51st challenge “what do you dare to do in a foreign language?” (see below).

[Upload your video from the 51st language challenge here.](#)

Do you have a great idea for a new language challenge?

[Please upload your idea and we possibly will include it into a future version of the language challenge handbook.](#)

How many languages can you identify?

Please click the links below to see where the language names are hidden in the matrix.

[Click here for some help for the game on page 25 of the handbook.](#)
